HELMETS //

360 TURBINE TECHNOLOGY //

The turbines reduce rotational acceleration and linear g-forces at low speed (at typical magnitudes where concussion is known to occur)

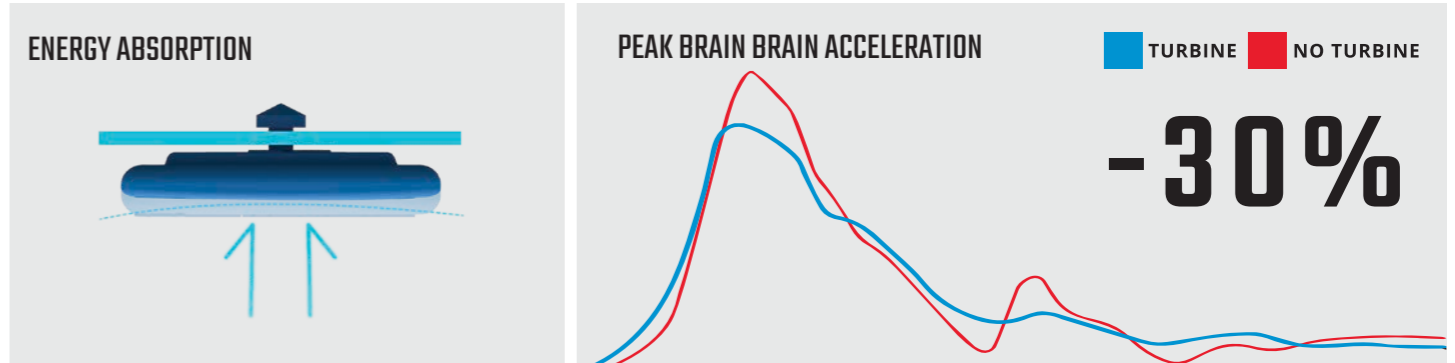

1// PEAK BRAIN ROTATIONAL ACCELERATION

The Movement of The Turbines Reduces the Peak Brain Rotational Acceleration

Reduces Peak Brain Rotational Acceleration by Up To 40%

2// CONCUSSION BRAIN INJURY REDUCTION

The Energy Absorption of The Turbines Reduces Impact Energy to The Head and Brain

Reduced Peak Brain Acceleration by Up to 30% at Impact Speeds Associated With Concussion

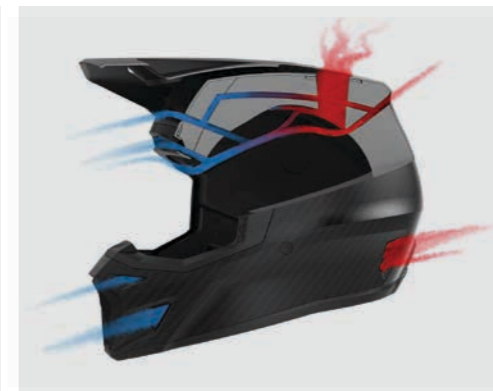

3// PRO-FIT ELASTIC COMFORT LINER

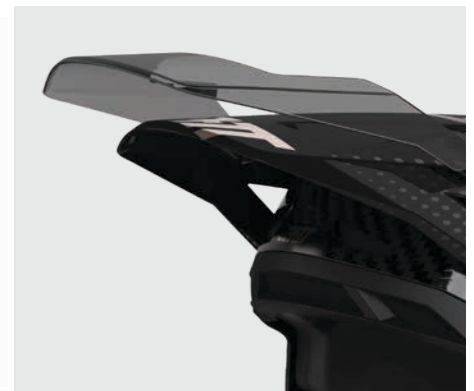

4// FOUR DENSITIES OF IMPACT FOAM

5// LARGE VENTILATION CHANNELS

6// VISOR EXTENDER

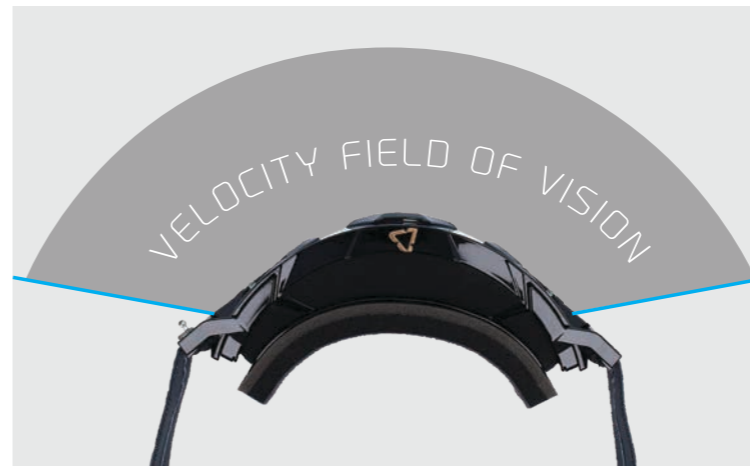

GOGGLES //

1// 2.7MM MILITARY SPEC BULLETPROOF LENS

3// WIDEVISION
170° Widevision lens

2// CLIP IN/OUT LENS
Easy and fast lens change

4// ONE LENS FOR ALL MODELS
Same lens for all goggles including Roll Off

5// SELF-DRAINING FRAME DESIGN
Prevents mud build up on the lens

NECK BRACE VS NO BRACE

HYPEREXTENSION:

Over-bending of the head in rearward direction.

POSTERIOR HYPERTRANSLATION:

Extreme movement of head and helmet, rearward on the neck.

HYPERFLEXION:

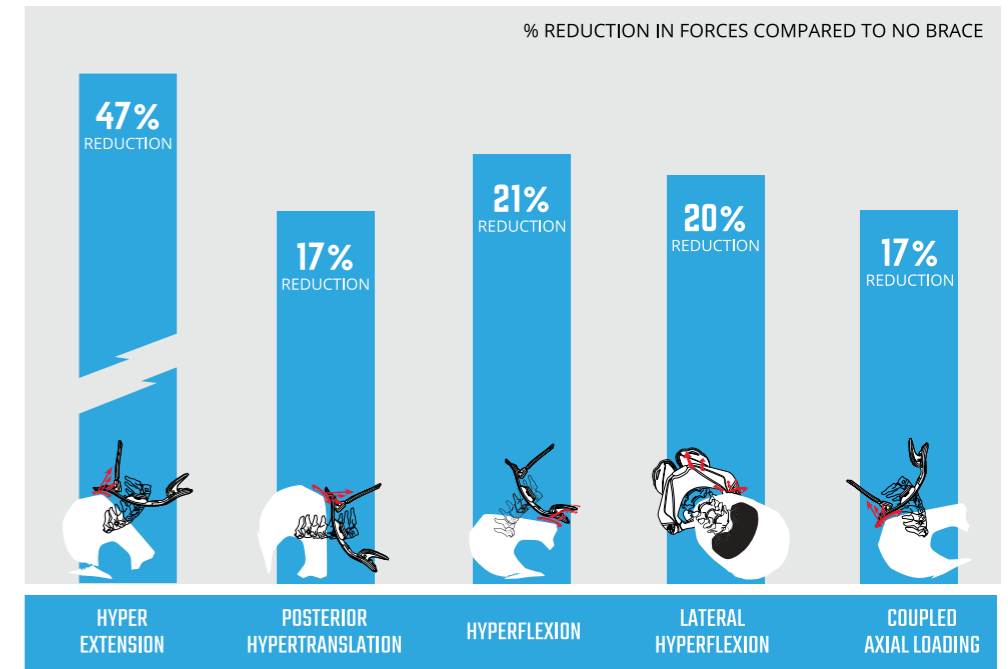

Over-bending of the head in forward direction.

LATERAL HYPERFLEXION:

Over-bending of the head to one side.

COUPLED AXIAL LOADING:

Helps prevent axial loading only when the axial forces act in combination with other mechanisms.

1// INDEPENDANTLY LAB AND RIDER TESTED

"Up to 89% reduction in critical cervical spine injuries"
*Independent Motorcycle study by Action Sports EMS

2// COLARBONE RELIEF CUT OUT

"Collarbone injuries up to 45% MORE likely WITHOUT a neck brace" *Independent Motorcycle study by Action Sports EM

4// ADJUSTABLE THORACIC -3.5 ONLY

2-Way adjustable rear thoracic for personal fit

3// BREAKAWAY THORACIC

CoreFlex split rear thoracic is designed to fracture before applying excessive pressure to the back during impact

GOING GREEN

At Leatt, we not only care about your safety, but also about the safety of this awesome planet we live on. Where we have the freedom and the privilege to experience trails surrounded by nature in all its glory, while doing what we love most, riding. With a bigger plan on our minds, we begin our eco-friendly mission, with our packaging. All good things take time, and we are determined to ensure that Leatt continues taking steps in the right direction towards sustainability and using renewable resources which have a lesser effect on our planet. Finding solutions to problems is in our DNA - this is the biggest problem we have faced yet, but together we can make a change and we can make an impact.
